I WAS CERTAIN THEY WERE THERE TO SCARE AWAY POTENTIAL BURGLARS ...

THE PAIR OF BLACK SHOES IN HER DOORWAY ...

I KNEW THEY HAD ABSOLUTELY NO CONNECTION TO EACH OTHER.

BUT WHEN I THOUGHT OF HER...

...HIS FACE WOULD ALSO APPEAR.

AND SO I CAME TO DOUBT HER, IF ONLY A LITTLE.

FINAL CONCLUSION:

"SUNDOME" VOLUME 3 / END

TRANSLATOR'S NOTES

TITLE:
SUNDOME
(Pronunciation: "suhn-doh-may")
Sundome literally means "stopping the moment before," and considering the content of story, it refers to being stopped just before coming or ejaculating.

Pg. 7:
The Blue Hearts' "Sekai no Mannaka"
One of the songs on the upbeat Japanese rock band's first album. The title translates to "Center of the World."

Pg. 28:
"Come in and die."
The original quote was actually "yoroshiku," meaning, "best regards." However, it's written with the symbols for "night," "dew," "death," and "suffer," thus completely twisting the original intent.

Page 34:
Hajime Yatate
A pseudonym for the collective contributions of the Sunrise animation staff, who made such titles as *Cowboy Bebop, Witch Hunter Robin,* and *Vision of Escaflowne.* The kanji for the first name here is off slightly, only bearing the same phonetic reading, but a different Chinese character.

Page 34:
Saburou Aoyama
The name of the "Blue" Power Ranger from the Power Rangers universe.

Pg. 57:
Kakiku family
The family name on this gravestone, "Kakiku," is not a real name. When lined up with the character for "family," however, it reads as "ka ki ku ke" which is like reading the ABCs of the Japanese phonetic alphabet.

Pg. 75:
-orz
Meaning: "dejected/defeated." This is an ascii art, simulating the pose that represents dejection. The "o" serves as the figure's head, the "r" as its rolled shoulders, and the "z" as the butt and knees on the ground.

Page 195:
"S" and "M"
"S" in this context means "sadist" and "M" means "masochist."
